DIRECTOR'S MESSAGE

Dear Friends,

The year 2024–25 has been a meaningful journey for the Kadavumbhagom Charitable Trust and Blossom Valley. As developmental challenges among children continue to rise, our responsibility to provide timely intervention, compassionate care, and high-quality therapeutic support has grown stronger. Every child who walks into Blossom Valley brings a story, a hope, and a future we are committed to shaping with love and scientific guidance.

This year, we deepened our commitment to families through therapy services, social welfare initiatives, educational aid, medical support, and community outreach programmes. Our housing projects restored dignity to vulnerable families, food and medical support offered relief at critical moments, and awareness sessions created better understanding in schools and parishes. Planning work for our new multi-storey Blossom Valley Centre also progressed significantly, strengthening our goal of becoming one of Kerala's premier early intervention institutions.

I extend my sincere gratitude to our therapists, staff, trustees, partners, and well-wishers for their dedication and unwavering support. I also convey my sincere thanks to Ms. Joseph Mathew and Co, Chartered Accountants, Kottayam, for conducting the statutory audit for the year 2024- 2025. Together, we continue to uphold the values of service, dignity, and compassion that define our mission.

With prayers and warm regards,

Kurian P.C

Director

INTRODUCTION

ABOUT THE TRUST

The Kadavumbhagom Charitable Trust is a non-profit organisation dedicated to uplifting communities through therapeutic services, social welfare, education support, medical assistance, and housing initiatives. The Trust believes that every individual deserves dignity, opportunity, and compassionate support

VISION

To establish an inclusive developmental ecosystem where children and families have equal access to evidence-based therapy, education, and social support. Kadavumbhagom Charitable Trust aims to be a leading force in early intervention, community upliftment, and transformational care.

MISSION

Inspired by values of compassion and service, Kadavumbhagom Charitable Trust works to support children with developmental needs and uplift families facing hardship. Our mission is to provide early intervention, care, and social assistance that nurtures confidence, dignity, and long-term wellbeing.

GOVERNANCE

At the helm of Kadavumbhagom Charitable Trust is the Managing Trustee, supported by a dedicated Board of Trustees. The organization operates as a charitable entity, fuelled by a genuine desire to support children facing special education needs and disabilities. The commitment to making a societal difference is evident in the Trust's efforts to create awareness and challenge the social stigma associated with children with special needs. The guiding principle, echoing Albert Einstein, emphasizes that every child is a genius and should be nurtured according to their unique strengths and interests.

BOARD OF TRUSTEES

Managing Trustee	Mr. Kurian P. C
Vice Presidents	Mr. Mathew K Thomas Mr. Pradesh Thomas
Secretary	Mr. James Mathew
Treasurer	Mr. K M Abraham
Trustees	Mr. Alex Philip Mr. Jose Kurien

ACTIVITIES OF THE TRUST:

1. Housing Project

The Housing Project of the Kadavumbhagom Charitable Trust remained one of the most impactful community initiatives during 2024–25. Many families in the region continue to live in unsafe, temporary, or partially damaged homes that put their safety and wellbeing at risk. Through this programme, the Trust identifies deserving families through home visits and detailed socio-economic evaluations, ensuring that assistance reaches those in greatest need.

Support is provided in the form of constructing new houses, repairing partially damaged structures, or supplying essential building materials. Each project is closely monitored by the Trust to ensure quality, transparency, and timely completion. For the beneficiary families, receiving a safe and stable home brings dignity, emotional security, and an improved foundation for their children's education, health, and daily life.

During the year 2024–25, the Trust supported the completion of 8 houses, directly helping vulnerable families regain stability and hope. The Housing Project continues to reflect the Trust's mission of serving the poor with compassion and creating lasting community transformation.

2. Food Kit Distribution

The Food Kit Distribution Programme of the Kadavumbhagom Charitable Trust provides essential nutritional support to economically vulnerable families who struggle to meet their daily food needs. Many of the beneficiaries include elderly individuals, widows, single-parent households, and families facing financial strain due to illness or unemployment. Through this initiative, the Trust ensures that these families receive consistent and reliable access to essential grocery items.

Families are identified through home visits, parish referrals, and community networks. Each kit includes rice, pulses, oil, spices, and other essential items needed for daily sustenance. This support not only eases the financial burden on families but also ensures that children and adults receive adequate nutrition. The Trust carries out the distribution with care, dignity, and transparency, making sure that assistance reaches those most in need.

During the year 2024–25, the Trust distributed **180–240 kits annually**, supporting families. The programme continues to bring hope, stability, and relief to families who rely on this essential form of support.

3. Educational Aid Distribution

The Educational Aid Distribution Programme of the Kadavumbhagom Charitable Trust supports students from economically challenged families by providing essential learning materials needed for their schooling. Many families in the community struggle to afford basic educational supplies, which can affect a child's confidence and participation in school. Through this initiative, the Trust ensures that children have the resources they need to learn, grow, and attend school with dignity.

Beneficiaries are selected through referrals from schools, parish groups, and local community networks, followed by a verification process to assess financial need. Each kit includes essential items such as school bags, notebooks, stationery, and other academic materials. This support not only relieves families of financial pressure but also empowers children to stay motivated and engaged in their studies.

During the year 2024–25, the Trust provided educational aid to **40–60 children**, distributing kits that helped students continue their education with confidence. The programme continues to uphold the Trust's commitment to supporting children's academic journeys and enabling equal access to learning opportunities.

4. Medical Support

The Medical Support Programme of the Kadavumbhagom Charitable Trust continued to provide critical assistance to individuals and families facing financial difficulties during medical emergencies and long-term treatments. Many households in the region struggle to afford healthcare expenses such as surgeries, diagnostic tests, medications, and hospitalization. Through this initiative, the Trust ensures that vulnerable individuals receive timely and essential medical care without being burdened by financial limitations.

Each case is assessed carefully through hospital records, doctor recommendations, and home visits to understand the family's situation. Support is extended to elderly individuals, children with chronic conditions, patients undergoing emergency treatment, and families dealing with significant health challenges. The programme helped prevent medical conditions from worsening and enabled families to receive treatment that would otherwise be inaccessible.

During the year 2024–25, the Trust supported **50–80 individuals** with medical assistance, providing relief during some of their most difficult moments. This programme continues to uphold the Trust’s commitment to compassion, healthcare accessibility, and community wellbeing.

5. **Medical Equipment Support**

The Medical Equipment Support initiative of the Kadavumbhagom Charitable Trust provides essential assistive devices to individuals who require mobility, rehabilitation, or daily living support. Many families in the community are unable to afford wheelchairs, walkers, hearing aids, special mattresses, or other medically recommended devices that are vital for patient comfort and functional independence. Through this programme, the Trust ensures that financial challenges do not prevent individuals from accessing the equipment they need.

Beneficiaries are identified through hospital referrals, parish networks, and home visits, with each case assessed to understand medical necessity and financial need. The Trust provides equipment such as wheelchairs, walkers, hearing aids, and medical mattresses, enabling patients to manage their conditions with greater dignity and ease. Families often express that receiving these devices has reduced physical strain, improved recovery, and enhanced emotional wellbeing within the household.

In 2024–25, the Trust provided medical equipment support to **10–20 individuals**, improving their mobility, comfort, and quality of life. This programme continues to strengthen the Trust’s mission of compassionate service and holistic community care.

6. **Awareness Programmes**

Awareness Programmes conducted by Blossom Valley and Kadavumbhagom Charitable Trust continued to play an essential role in educating the community about childhood development, early identification, and intervention. With developmental challenges becoming increasingly common, the Trust’s outreach sessions focused on equipping parents, teachers, and students with practical knowledge to recognize signs of autism, ADHD, learning disabilities, speech delays, and behavioural issues at an early stage.

These sessions were held across schools, parishes, and community centers and included interactive discussions, screening guidance, classroom strategies, and real-life case examples. The programmes helped demystify developmental challenges, reduce stigma, and empower families to seek support at the right time. For teachers, the training

improved their ability to manage diverse learners and support children with special needs more effectively in classrooms.

During the year 2024–25, the Trust conducted **20–30 awareness programmes**, reaching **1,000–1,400 participants** across the community. The increased demand for these sessions reflects the growing trust placed in Blossom Valley’s expertise and the importance of building a more informed and inclusive society.

7. Free Therapies & Scholarships

The Kadavumbhagom Charitable Trust ensures that financial constraints do not prevent any child from accessing essential therapy services. Through the Free Therapies & Scholarships initiative, the Trust provides full or partial fee waivers to families who are unable to afford long-term intervention. Many children require ongoing therapy for speech, motor skills, behaviour, sensory development, and academic readiness and uninterrupted therapy is crucial for progress. This programme helps these children receive consistent care without placing additional strain on their families.

Beneficiaries are identified through a careful assessment of the family’s financial background, medical circumstances, and the child’s developmental needs. Support is offered in the form of free therapy sessions, discounted packages, or emergency concessions. Parents receiving this support frequently express that the programme has ensured continuity in their child’s development and offered emotional relief during challenging times.

In 2024–25, the programme supported **30–50 children** through free or subsidized therapy, delivering approximately **1,200–1,800 scholarship-supported sessions**. This initiative continues to uphold the Trust’s mission of inclusivity, compassion, and equal access to developmental care.

8. Snehasparsam

Snehasparsam is one of the most compassionate initiatives of the Kadavumbhagom Charitable Trust, aimed at supporting families who face severe financial hardship and struggle to meet their daily needs. Through this programme, the Trust provides monthly assistance in the form of food items, groceries, medicines, clothing, and essential household supplies. Families are identified through home visits, parish referrals, and community networks, ensuring that support reaches those in genuine need.

The initiative prioritises elderly individuals living alone, widows, low-income families, and households dealing with chronic illness or sudden crises. Each distribution is carried out with dignity and care, reinforcing the Trust's commitment to supporting families not only materially but emotionally as well. Many beneficiaries express that Snehasparsam offers relief, comfort, and stability during difficult times.

In 2024–25, Snehasparsam supported **10–15 families per month**. This programme continues to embody the Trust's mission of compassion, solidarity, and upliftment for the most vulnerable members of the community.

Main Activities

Blossom Valley Child Development Centre is our early intervention and child development centre operating under Kadavumbhagom Charitable Trust, based in Kottayam, Kerala.

We provide multidisciplinary therapeutic and developmental services for children with autism spectrum disorder, developmental delays, learning difficulties, and other neurodevelopmental conditions. Our centre focuses on early identification, structured intervention, and family-centred care to support each child's holistic growth.

Our services include Occupational Therapy, Speech & Language Therapy, Behaviour Therapy (ABA), Special Education, Sensory Integration Therapy, Developmental Therapy, psychological assessments, and parental guidance. All interventions are delivered through individualised therapy plans designed by a qualified and experienced multidisciplinary team.

In addition to clinical services, Blossom Valley is actively engaged in community outreach, awareness programmes, and capacity-building initiatives for parents, teachers, and frontline workers. Through scholarships, free therapies, and welfare initiatives, we ensure that children from economically disadvantaged families receive timely and quality care.

Guided by compassion and evidence-based practice, Blossom Valley is committed to creating an inclusive ecosystem where every child is supported to reach their fullest potential, regardless of background or financial status.

1.Occupational Therapy:-

Our Occupational Therapy is one of the core pillars of Blossom Valley, supporting children who experience difficulties in fine motor skills, handwriting readiness, sensory

processing, balance, body coordination, and independence in daily routines. Many children who come to Blossom Valley struggle with essential foundational abilities required for school participation, self-care, and social functioning. Our OT team works closely with each family to develop personalized intervention plans that meet the child's unique developmental needs.

This year, the Occupational Therapy department strengthened its services through structured sensory-motor programmes, handwriting readiness modules, functional training, strengthening exercises, and daily living skills training. Children participated in activities such as grip-strength building, tracing and pre-writing drills, bilateral coordination tasks, balance exercises, sensory regulation routines, and task sequencing. The focus remained on helping children gain confidence and independence in activities like dressing, buttoning, tying laces, feeding, and classroom skills. Sensory Integration techniques deep pressure input, tactile play, vestibular movement activities, proprioceptive tasks were incorporated to help children regulate emotions, improve attention span, and reduce behavioural frustrations.

Parent training sessions were conducted regularly to ensure that therapeutic strategies continued at home. Families received personalised home programme kits, enabling them to reinforce motor, sensory, and functional skills between therapy visits. This collaborative approach led to measurable improvements in children's participation, posture, attention, and fine motor control. During the year, the Occupational Therapy department delivered 8,520+ therapy sessions.

2. Speech and Language Therapy:-

Speech and Language Therapy continued to be one of the most important services at Blossom Valley, supporting children with delays in expressive and receptive language, articulation challenges, stammering, vocabulary development, and social communication skills. Many children who joined this year required focused intervention to build the foundational communication abilities essential for learning, social interaction, and emotional expression.

Therapy sessions included oral-motor strengthening exercises, phonetic drills, sound discrimination tasks, vocabulary building, comprehension practice, picture-based communication tools, and structured storytelling activities. Play-based techniques and naturalistic language approaches helped children develop clearer speech, better understanding, improved sentence formation, and more confident interaction. Children with autism, speech delay, and social communication difficulties also benefited from individualised programmes that addressed their unique communication needs.

Through regular parent consultations and personalised home-training strategies, families became active partners in the therapeutic process. Many parents reported noticeable improvements in their child's ability to express needs, follow instructions, engage in conversation, and participate confidently in group settings. In 2024–25, the Speech Therapy department delivered approximately **7,500 therapy sessions**, supporting **140 children per month** and helping an estimated **380 children** make measurable progress in communication development.

3. Behaviour Therapy / Applied Behaviour Analysis (ABA)

Behaviour Therapy continued to be one of the most impactful services at Blossom Valley, supporting children who presented with behavioural challenges such as hyperactivity, poor attention, impulsivity, self-stimulatory behaviours, emotional dysregulation, and difficulty following structured routines. Many children who joined the centre this year required personalised intervention to strengthen their behavioural readiness for learning, social interaction, and daily functioning.

Therapists used evidence-based ABA techniques including reinforcement systems, token economies, visual schedules, modelling, prompting, and structured routines to promote functional behaviours. Each child received an Individualised Behaviour Plan following a detailed functional behaviour assessment. Children learned essential skills such as waiting, transitioning smoothly between activities, completing tasks independently, responding appropriately to instructions, and managing frustration. These improvements contributed directly to better performance in school and other therapies.

Parent involvement remained a key component of progress. Through regular parent training sessions, families were guided on managing triggers, responding consistently to behaviours, and applying structured reinforcement strategies at home. Many parents reported significant improvements in their child's behaviour, reduced tantrums, better attention span, increased compliance, and more confident social interaction. In 2024–25, the Behaviour Therapy department delivered approximately 7,000 sessions, supporting around 120 children per month and helping an estimated 350 children achieve meaningful behavioural progress.

4. Special Education

Special Education continued to play a vital role at Blossom Valley, supporting children with learning difficulties, developmental delays, ADHD, academic challenges, and school-readiness concerns. Many children who joined this year struggled with reading skills, number concepts, handwriting, comprehension, and task completion. The department focused on strengthening these foundational skills to build confidence and improve classroom participation.

Children received Individualised Education Plans based on detailed assessments. Educators used phonics-based reading programmes, numeracy practice exercises, handwriting readiness tools, visual aids, cognitive games, and multi-sensory teaching methods. These interventions helped improve attention, memory, concept understanding, and learning behaviours essential for academic success. Children preparing for mainstream schools were provided with school-readiness training to support smoother transitions.

Regular parent consultation sessions ensured that learning continued beyond therapy hours. Parents were guided on reading habits, writing practice, and home routines to reinforce academic skills. Many families reported significant progress, including clearer handwriting, better comprehension, improved task completion, and increased confidence in school environments. In 2024–25, the Special Education department delivered approximately 5,800 sessions, supporting nearly 100 children per month, and helping around 300 children enhance their academic and learning abilities.

5. Sensory Integration Therapy

Sensory Integration Therapy played a vital role at Blossom Valley, particularly for children who struggled to process sensory information effectively. Many children exhibited hypersensitivity or hyposensitivity to sound, touch, movement, or visual stimuli, which often impacted their behaviour, learning, and emotional regulation. The SI department aimed to help these children achieve better sensory balance, enabling them to participate more confidently in daily routines and therapy sessions.

Therapists used structured SI programmes involving vestibular activities such as swings and balance boards, proprioceptive tasks like deep-pressure inputs and heavy-work activities, and tactile experiences including sensory bins, sand play, and textured materials. These interventions improved the children's body awareness, movement control, tolerance to sensory experiences, and overall regulation. Children with autism, ADHD, sensory modulation disorders, and behavioural challenges showed significant benefits from these combined sensory approaches.

Parents were trained in implementing home-based sensory diets to maintain regulation throughout the day, ensuring continuity outside the therapy environment. Families observed improved calmness, reduced meltdowns, smoother transitions, and enhanced focus in their children. In 2024–25, the Sensory Integration department delivered approximately 4,300 sessions, supporting about 80 children per month, and benefiting over 200 children in achieving better sensory processing and emotional stability.

6. Psychology & Assessments

The Psychology department at Blossom Valley provided essential assessments and emotional support for children and families throughout 2024–25. Many children who enrolled required detailed evaluations to understand developmental delays, behavioural challenges, learning difficulties, and emotional concerns. Using standardized assessment tools and structured observation, psychologists identified each child’s developmental profile and guided families towards appropriate therapy pathways.

In addition to diagnostic assessments, the department offered counselling sessions that supported children experiencing anxiety, emotional regulation issues, frustration, and school-related stress. Parent counselling played a crucial role in helping families understand behaviour triggers, build supportive routines at home, and develop strategies to manage challenging situations. The psychology team worked collaboratively with therapists across departments to ensure integrated, holistic care.

Parents frequently expressed that the clarity and emotional support they received from the department helped reduce stress and improve family harmony. In 2024–25, the Psychology department delivered approximately **1,200 assessment and counselling sessions**, supporting **an estimated 40 children per month** and assisting **around 180 children** throughout the year with emotional, cognitive, and behavioural guidance.

7. Developmental Therapy

Developmental Therapy remained a foundational service at Blossom Valley, supporting young children who presented with delays in early developmental milestones such as sitting, crawling, walking, imitation, play behaviour, and communication readiness. Many children required structured early-intervention support to strengthen these foundational skills, which are critical for future learning, emotional development, and social interaction.

Therapists used a combination of motor skill training, floor-time techniques, imitation tasks, sensory–motor routines, cause–effect learning, and structured play activities designed to enhance joint attention, social responsiveness, and purposeful engagement. These interventions helped children improve early communication behaviours, build pre-academic readiness, and strengthen their ability to learn through exploration and interaction. Collaboration with Speech Therapists, Occupational Therapists, and Behaviour Therapists ensured a comprehensive early-intervention pathway for each child.

Parents played a key role in the child’s progress through guided home programmes and developmental training sessions. Families reported improvements in their child’s

responsiveness, engagement, movement skills, and overall developmental pace. In 2024–25, the Developmental Therapy department delivered approximately **3,500 sessions**, supporting **around 60 children per month**, and helping **an estimated 160 children** achieve meaningful developmental progress during the year.

Social Welfare & Community Initiatives

Community Outreach

Community Outreach remained a significant focus area for the Kadavumbhagom Charitable Trust and Blossom Valley during 2024–25. Through various outreach activities, the Trust engaged with schools, parishes, and neighbourhood groups to raise awareness about early childhood development, behavioural concerns, learning challenges, and the importance of timely intervention. These programmes helped families identify concerns earlier and supported teachers in managing diverse learners more effectively.

Outreach programmes included developmental screenings, parent guidance sessions, teacher training workshops, community counselling, and distribution of informational materials. These activities helped bridge the gap between families and available therapy services, making support more accessible to those who needed it most. Many families who participated in outreach events later sought assessments and therapy at Blossom Valley, reflecting the programme’s strong impact in early identification and community empowerment.

In 2024–25, the Trust conducted **10–15 outreach initiatives**, reaching **400–600 individuals** across schools, parishes, and community groups. The outreach programme continues to strengthen community relationships and promote early childhood development awareness throughout the region.

INTERNSHIPS & OBSERVATIONAL TRAINING

Blossom Valley continued to function as a learning and exposure centre for students and professionals pursuing careers in child development, psychology, special education, and allied health sciences during the year 2024–25.

The centre offered **structured observational opportunities** and **short-term internships** to students from recognised academic institutions. These programmes were designed to provide practical exposure to early intervention practices, multidisciplinary therapy approaches, and child-centred care models followed at Blossom Valley.

Interns and observers were introduced to the functioning of various therapy departments including Occupational Therapy, Speech and Language Therapy, Behaviour Therapy, Special Education, Sensory Integration Therapy, and Developmental Therapy. Under the guidance of experienced professionals, participants gained insights into assessment processes, therapy planning, documentation practices, and ethical considerations while working with children and families.

AWARENESS CLASSES CONDUCTED BY BLOSSOM VALLEY

On December 3, 2024, Blossom Valley conducted a school awareness program at Kendriya Vidyalaya, Vadavathoor, as part of its outreach efforts to promote inclusive education and support for children with special needs. The programme was led by Mrs. Osheen Reji Paul, Rehabilitation Psychologist, the program was divided into two informative sessions. The morning session focused on Autism Spectrum Disorder (ASD), covering its early signs, symptoms, and classroom management strategies to help teacher's better support children with autism. The session emphasized early identification and creating an empathetic, inclusive learning environment. In the afternoon, the discussion broadened to include Intellectual Disabilities, Learning Disabilities, and Attention Deficit Hyperactivity Disorder (ADHD), providing educators with knowledge on the characteristics, challenges, and intervention strategies related to each condition. The overall aim of the program was to strengthen teachers' understanding of neurodevelopmental disorders and equip them with the skills to effectively manage diverse learning needs within the classroom.

DENTAL CAMP & ORAL HEALTH AWARENESS

On 25th October 2024, a Dental Camp and Oral Health Awareness Session was conducted at Blossom Valley in the afternoon from 2:00 pm to 4:00 pm. The session was led by Dr. Miranda Ann George and Dr. Rino Roopak, Associate Professors from Pushpagiri Dental College. The event included oral health screening for children and awareness on maintaining dental hygiene, emphasizing the importance of regular dental checkups and preventive care.

AWARENESS CLASS ON PARENTAL MANAGEMENT

Blossom Valley organized an Awareness Class on 25th October 2024, focusing on the theme of Parental Management. The session was conducted from 10:00 am to 12:00 pm and was led by Ms. Reema B.S, Rehabilitation Psychologist. The session aimed to educate parents on effective parenting strategies, promote positive parenting practices, and improve the overall well-being of children through informed parental involvement.

EVENTS & CELEBRATIONS

CHILDREN'S DAY

Blossom Valley celebrated Children's Day on 14th November 2024, starting at 9:00 am. The event witnessed enthusiastic participation from children, parents, staff, and other guests. A rally, vibrant cultural programs, and food stalls were organized to encourage public involvement and spread awareness about the significance of Children's Day. The food festival was also conducted as part of the celebration, adding to the festive spirit of the day. The celebration created a joyful and inclusive environment, highlighting the rights, well-being, and potential of every child.

INDEPENDENCE DAY

Blossom Valley Child Development Centre celebrated Independence Day with active participation from children, parents, and staff members. The programme was organised to instil a sense of patriotism, unity, and national pride among the children through age-appropriate and inclusive activities. Simple cultural programmes, flag hoisting, and interactive sessions were conducted, ensuring that every child could participate meaningfully. The celebration reinforced values of freedom, responsibility, and togetherness while creating a joyful and engaging environment for children and families.

REPUBLIC DAY

Blossom Valley celebrated Republic Day on 26th January 2025 with patriotic spirit and enthusiasm. The national flag was hoisted by Kurian P.C, James Mathew, and Varghese Philip, marking the beginning of the ceremony. Staff members actively participated in the event, honoring the significance of the day and showing respect for the nation's democratic values. The celebration served as a moment of unity and pride, fostering a sense of patriotism and collective responsibility among all participants.

HAPPINESS DAY

Blossom Valley Smile Day on 20th March 2025 with the aim of spreading positivity and joy among the staff and children. As part of the celebration, a special poster was created featuring the smiling faces of all staff members, symbolizing warmth, unity, and the power of a simple smile in creating a supportive and cheerful environment. The initiative highlighted the importance of emotional well-being and the role of positive expressions in fostering a happy and inclusive atmosphere within the Centre. The event served as a reminder of the impact a smile can have in brightening someone's day and building meaningful connections.

WORLD DOWN SYNDROME DAY

Blossom Valley observed Down Syndrome Day on 21st March 2025 to raise awareness and promote inclusion for individuals with Down syndrome. As part of the observance, a creative poster was made featuring hand lettering, symbolizing support, acceptance, and love for those with the condition. The initiative encouraged understanding and respect, highlighting the importance of celebrating differences and fostering an inclusive environment for all.

WOMEN'S DAY

Blossom Valley observed Women's Day on 08th March 2025 to honor and celebrate the strength, achievements, and contributions of women. The event brought together staff, parents, and children in a spirit of appreciation and unity. Various activities and sessions were conducted to recognize the vital role women play in families, workplaces, and society. The celebration aimed to promote gender equality, empower women, and inspire respect and support for women's rights. It was a meaningful occasion that highlighted the importance of acknowledging and uplifting the women in our lives.

ONAM 2024

Blossom Valley celebrated Onam 2024, fondly titled **“Onavesham 2K24,”** with great enthusiasm and festive spirit. The celebration commenced at 9:30 A.M., bringing together the entire Blossom Valley family. Our Director, Kurian P.C, Secretary Mr. James Mathew, Treasurer Mr. K. M. Abraham, staff members, and other invited guests actively participated in all the programmes, adding warmth and grandeur to the occasion.

The event was officially inaugurated by Kurian P.C, along with Staff Secretary Ms. Anjaly Rajan and Secretary Mr. James Mathew, who lit the traditional lamp and extended festive greetings to everyone.

To embrace the cultural essence of Onam, the staff beautifully prepared an elaborate Pookkalam at the centre entrance, symbolising prosperity and unity. Various traditional Onam games and activities were conducted, including fun group events that brought joy to both staff and parents. Exciting competitions such as Vadamvali (tug of war) created a lively and energetic atmosphere, filling the day with laughter and team spirit.

A sumptuous and authentic Onam Sadhya, served on banana leaves, was enjoyed by everyone, highlighting the rich culinary heritage of Kerala. The celebration concluded with a prize distribution ceremony, where Mr. Kurian P.C presented awards to the winners of various competitions, appreciating their enthusiasm and participation.

Onavesham 2K24 at Blossom Valley was a memorable and vibrant celebration that reflected togetherness, cultural pride, and the true spirit of Onam.

Christmas Celebration – 2024

On 23rd December 2024, Blossom Valley officially announced our Christmas celebration, Blossom Valley Noel Gala. The programmes began at 6:00 PM, and parents, staff, children, and neighbours actively participated in the event. Tableaus, songs, and dance performances were beautifully organized by the parents and staff. Christmas was celebrated at Blossom Valley Therapy Centre with warmth, inclusivity, and a strong sense of community, reflecting the spirit of love, care, and togetherness. The celebration was thoughtfully planned to ensure that children of all abilities could participate meaningfully and comfortably.

The programme included simple cultural activities, music, and interactive sessions that encouraged participation while being mindful of the sensory and emotional needs of the children. Special emphasis was placed on creating a calm, joyful, and inclusive environment where every child felt safe and valued. Children actively engaged in group activities, creative expressions, and festive interactions under the guidance of therapists and staff.

Parents and caregivers were also involved in the celebration, making it a shared experience that strengthened bonds between families, children, and the Blossom Valley team. The Christmas celebration served not only as a festive event but also as an opportunity to promote social interaction, emotional expression, and community belonging among the children.

Through celebrations like Christmas, Blossom Valley continues to emphasise holistic development recognising that emotional wellbeing, social inclusion, and shared joy are integral to a child's growth alongside therapeutic interventions.

Holi Celebration – 2024

Holi was celebrated at Blossom Valley as a joyful and inclusive event that encouraged social interaction, sensory engagement, and emotional expression among children. The celebration was thoughtfully adapted to suit the sensory and emotional needs of children with developmental challenges, ensuring a safe and comfortable experience for all participants.

Children participated in colour-based activities using skin-safe, non-toxic materials, along with creative play, music, and guided group interactions. The activities were designed to support sensory exploration, improve tolerance to tactile stimuli, and promote peer interaction in a structured and supportive environment.

Therapists and staff closely guided the sessions to help children engage at their own pace, making the celebration both enjoyable and developmentally meaningful. Parents were also involved, fostering a sense of shared joy and strengthening the connection between families and the Blossom Valley community.

The Holi celebration reflected Blossom Valley's approach to holistic development, where cultural events are used as opportunities to support emotional wellbeing, social skills, and inclusive participation alongside therapeutic goals.

Munnar Trip – 2024

As part of its holistic developmental approach, Blossom Valley organised an exposure and learning trip to Munnar for children and their families. The trip was designed as a structured experiential activity aimed at promoting independence, social interaction, sensory regulation, and emotional wellbeing in a natural environment.

The change in setting provided children with opportunities to experience new surroundings, adapt to unfamiliar routines, and engage with nature in a calm and supportive manner. Activities during the trip encouraged communication, peer bonding, functional skills, and emotional regulation, while being closely guided by therapists and staff to ensure safety and comfort.

Parents and caregivers accompanied the children, making the trip a shared learning experience that strengthened family participation and confidence in managing children in real-world environments. The Munnar trip also helped children practise generalization of

therapy skills outside the centre, an essential component of long-term developmental progress.

This initiative reinforced Blossom Valley's commitment to extending learning beyond clinical settings, using real-life experiences to support overall growth, independence, and social inclusion of children.

INFRASTRUCTURE & EXPANSION PROJECT

Significant progress was made during the year on the planning, design, and documentation of the proposed multi-floor Blossom Valley Centre. The expansion project is envisioned as a purpose-built facility to strengthen and scale the centre's therapeutic and developmental services.

The proposed centre will house **dedicated therapy rooms, sensory integration and regulation spaces, assessment and diagnostic areas, community training and outreach facilities, and residential accommodation for children and their caregivers**, particularly those travelling from distant locations for intensive intervention.

Once completed, the expanded facility is expected to increase service capacity from the current **200+ children per month** to **over 500 children per month**, significantly reducing waiting periods and improving access to early intervention and therapy services.

BLOSSOM VALLEY THERAPY CENTRE: A HAVEN FOR HOLISTIC DEVELOPMENT

Remya Elsa Abraham	Doctor
Osheen Reji Paul	Consultant Rehabilitation Psychologist
Pranav C V	Consultant Clinical Psychologist
Anjaly Rajan	Behavioural Therapist

CONCLUSION

The year 2024–25 highlighted the Trust’s unwavering dedication to serving children and families through therapy, welfare, education, and outreach. With continued support from our staff, trustees, donors, and community members, we look forward to expanding our impact and strengthening our mission in the coming year. While continuing to deliver consistent and quality therapeutic services to children and families, the organisation also focused on strengthening its systems, expanding community engagement, and preparing for future growth.

Through structured therapy programmes, awareness initiatives, and inclusive events, Blossom Valley remained committed to supporting the holistic development of children with developmental and neurodiverse needs. Emphasis was placed not only on treatment but also on early identification, parental involvement, and community capacity building, ensuring that support extends beyond the therapy room.

Significant groundwork was laid during the year for the proposed infrastructure expansion, with careful planning and documentation undertaken to ensure that future growth is phased, responsible, and impact-driven. This expansion is envisioned to enhance access, reduce waiting periods, and create a comprehensive ecosystem for early intervention, therapy, and family support.

As the organisation moves forward, it remains guided by its core values of compassion, inclusion, and service. With the continued support of families, professionals, donors, and partners, Kadavumbhagom Charitable Trust and Blossom Valley look ahead with a clear focus on strengthening impact, improving accessibility, and building a more inclusive future for children and their communities.

ACKNOWLEDGEMENT

We sincerely thank M/s Joseph Mathew & Co., Chartered Accountants, Kottayam, for conducting the statutory audit and for their professional guidance and support. The Audited Balance Sheet and Audited Report for the Financial Year 2024–25 are presented below as part of this Annual Report.

FORM NO. 10BB

[See rule 16CC and 17B]

Audit report under clause (b) of the tenth proviso to clause (23C) of section 10 and sub-clause (ii) of clause (b) of sub-section (1) of section 12A of the Income-tax Act, 1961, in the case of a fund or trust or institution or any university or other educational institution or any hospital or other medical institution which is required to be furnished under clause (b) of the tenth proviso to clause (23C) of section 10 or a trust or institution which is required to be furnished under sub-clause (ii) of clause (b) of section 12A

We have examined the Balance Sheet of KADAVUMBHAGOM CHARITABLE TRUST (name of fund or trust or institution or any university or other educational institution or any hospital or other medical institution) as at 31st March 2025 and the Income and Expenditure account or Profit and Loss account for the year ended on that date are in agreement with the books of account maintained by the said fund or trust or institution or university or other educational institution or hospital or other medical institution.

We have obtained all the information and explanations to the best of our knowledge and belief which are necessary for the purpose of the audit.

In our opinion, proper books of account have been maintained at the registered office of the above-named fund, or trust, or institution or other educational institution or hospital or other medical institution at the address mentioned at row 11 of the Annexure :

In our opinion and to the best of our information and according to explanations given to us, the particular given in the Annexure are true and correct subject to following observations or qualifications, if any

NIL

In our opinion and to the best of our information and according to information given to us , the said accounts give a true and fair view -

(i) In the case of the Balance Sheet, of the state of affairs of the above-named trust as on at 31st March 2025 and

(ii) in the case of the Income and Expenditure account or Profit and Loss account, of the income and application/ profit or loss of its accounting year ending on 31-Mar-2025.

subject to the following observations/qualifications.

NIL

The prescribed particulars are annexed hereto.
